My dear Sir

Since I saw you to
day, my son recovers
in a letter to the family
the following —
Separation is going
on in a very unsatisfactory
way — and I must
confess that since
I first undertook to
keep them I have altered
my opinion & from
what I can understand
talking privately with

The race natives that
many would prefer
that the Govern^t should
take over the Country
as at times great injustices
are practiced on them
by their chief

I wish to be very
frank with you,
I would have produced
the letter this morn^g
had I been able
yours truly.

J. W. P. Baccus

Admiral Bowdoin
