Dear Sir

C128/106

I read with
interest your letter today
in the Times on Sulu
Bay. With your views
I quite agree and have
indeed expressed them in
my paper on African
Colonies now in the Press.
A British Protectorate
alone can secure us from
a German Annexation

The Germans will not hear
of the sale of the German
Republics of 1848. And
as they will insist on
the rights of Property of
St. Lucia Bay. I hope
somebody will be kind
to help these poor Starving
Gulms.

Shut a letter from
Mr. Alexander of Paris of
much interest and
value. If there is
Colonization the friends
of the Aborigines must

2 See bet that it is a
advancement of the
3 - nature - and that as
an ultimate security
may be secured to the
franchise
Term

Yours truly
