Mr. Chesson Esq

Hir done with. (43/130)

I send you a copy
of answer to my statement from
Downing Street. You will see by it
that the very men who are to
blame in my case are the ones
who were selected to send their
reports Home. Can it be expected
that they would act fairly?

That a mockery and a farce
is English justice as meted out
to me. I went to Peter Haritzberg
to see Mr. Garnet but he would
not see me pleaded being too busy
so I had my journey of 140 miles
for nothing. I now intend to
prosecute the native witnesses
for perjury which I will be able
to prove. Will send you

copies of depositions as soon
as sworn to before a justice
of the Peace.

What is to be done with
the poor unfortunate illused
Julie King can the farce last
much longer? His cattle were
sold to John Dunn in Zululand
at Dunn's own price they were not
put up for public competition I
heard a gentleman yesterday a
Colonist say that he would gladly
have given twice what Dunn
did for them there was supposed
to be some thousands of cattle
This is a sample of how things
are done here. Hoping this
will find you and yours
in good health

Yours &c
