

C143/157

General Post Office
Notul March 15. 80

The Postmaster General
of Notul begs leave to inform
Miss Chesson that the
accompanying letter to her
address which is marked
"Registered" and stamped
with the proper registration
fee - was posted at the
window for receipt of
ordinary letters, and not

presented for registration
in the usual manner.

A few weeks since
a number of loose parcels
were putted with no further
address than "Miss Catherine
Cherrin", and as other in-
-regularities have from time
to time been reported respecting
documents addressed similarly
to the enclosure - the Post
Master General takes this
opportunity of improving

C1123/18.10

Miss Chesson of these
facts, with a view to
prevent a repetition of
such irregularities, which
may entail much trouble
and inconvenience.
